

## 12th Dec 2020

Hi everyone, now that we are in December we have gone all festive! The MGAR team have decorated the barn, it looks amazing – especially my stable! It looks fantastic and I have a beautiful tree with lights and pink baubles! There are also already some presents underneath, thank you everyone.

Bess and Barney have also joined in the fun and have an awesome Father Christmas and elf design on their doors.

I wrote to Father Christmas and asked for carrots, apples, these yummy herbal treats and if I could find my forever home that would be a dream come true.

Hope you are all feeling festive!
